

HIGH FRICTION FLOOR CARE

GUARD Floors from SLIP N' FALLS

FLOOR Stripper

Revolutionary, labor saving, no-rinse stripper.

Restores the floor's surface to its original, unfinished condition.

Highly concentrated for maximum strength and economy. Can be used with a mop, conventional floor machine or automatic scrubber.

Safely removes finishes without caustics.

Dilute 7oz/gallon.

5 Gallons . . . **Reorder No. 19670**

FLOOR Sealer

Designed to seal the pores of the surface and to prepare the floor for the application of Traction Solutions® Floor Finish.

Covers approximately 2,200 square feet per gallon.

Water-based, ready-to-use.

5 Gallons . . . **Reorder No. 19671**

FLOOR Finish

A polymer-based, ultra high-speed, floor finish.

This proprietary floor finish is engineered to exceed industry standards of slip-resistance by at least 40%.

The proprietary technology reduces the hydroplaning effect associated with slip n' fall accidents.

This highly reflective, floor finish produces a high-gloss, "wet-look" floor.

Covers approximately 2,200 square feet per gallon.

Water-based, ready-to-use.

5 Gallons . . . **Reorder No. 19672**

RESILIENT FLOOR Cleaner

Maintains like-new appearance without harming slip-resistance.

Replaces your existing floor cleaner for daily maintenance.

Leaves no slippery buildup. No rinse required. Quick drying. Pleasant fragrance.

Concentrated formula; dilute 2oz/gallon.

4/1 Gallons . . **Reorder No. 28673**

5 Gallons . . . **Reorder No. 19673**

GREAT! FOR FOOD SERVICE APPLICATIONS

QUARRY TILE Treatment

Simple, do-it-yourself safety treatment and cleaner all in one.

Use diluted for daily maintenance or full strength for restorative treatment on natural quarry or ceramic tile floors.

Restores the original slip-resistance by safely penetrating the floor's natural pores to release the slippery film caused by ground-in grease, soap and mineral deposits. Non-corrosive formula will not harm the surface or grout.

Contains biodegradable surfactants.

Covers approximately 1,500 square feet per gallon.

Dilute 2oz/gallon for light soils. Up to full strength for restoration.

4/1 Gallons . . **Reorder No. 28358**

5 Gallons . . . **Reorder No. 19358**

FINISH Restorer

This multi-functional Finish Restorer contains a unique blend of cleaners and polymers. It replaces your daily spray buff and restoration products to provide longer-lasting slip-resistance and appearance.

Traction Solutions® Finish Restorer rejuvenates a floor surface that has become worn from foot traffic.

Concentrated mop-on restorer effectively removes scuffs and scratches to produce a high gloss "wet-look" floor.

Dilute 4oz/gallon.

4/1 Gallons . . **Reorder No. 28674**

5 Gallons . . . **Reorder No. 19674**

PROTECT YOURSELF WITH TRACTION SOLUTIONS®

Traction Solutions® is committed to providing you with the total solution to slip 'n fall prevention. When used in a total program, the products of the Traction Solutions® High Friction Floor Care program reduces the risk of slip 'n fall incidents. Traction Solutions® offers a simple yet comprehensive approach to slip 'n fall prevention. To ensure your success our network of training professionals will implement proven programs with the most advanced products available. The Traction Solutions® High Friction Floor Care program ensures maximum safety for your employees and customers, and peace of mind for you.

CREATE A CLEAN, SLIP-RESISTANT FLOOR

Professional floor safety begins with Traction Solutions® products that are designed to reduce hydroplaning, the major cause of most slip 'n fall floor accidents. Traction Solutions® Floor Stripper, followed by the Floor Sealer effectively strips and seals the flooring surface. This prepares the floor surface for the application of Traction Solutions® Floor Finish which reduces the hydroplaning effect associated with slip 'n fall accidents. The floor surface is then ready for use as part of your floor safety program. Traction Solutions® Resilient Floor Cleaner and Finish Restorer will then replace your existing maintenance program. The Traction Solutions® proprietary technology provides a brilliant, shiny and traction-safe floor, easily and affordably. For most floor surfaces, Traction Solutions® has a product designed to meet the toughest standards for appearance cleanliness, and most importantly, SAFETY.

LOSING MONEY TO SLIP 'N FALLS?

SLIP 'N FALL FACTS

Slip 'n fall costs are a growing problem for the retail industry costing millions of dollars in paid claims, increased insurance costs, and lawsuits.

The average slip 'n fall claim is \$4,000.¹

Average cost to defend against a slip 'n fall lawsuit is \$50,000.¹

Average lawsuit demands for a slip 'n fall exceed \$100,000.¹

Falls are the second leading cause of disabling workplace injuries.²

It is estimated that slip and fall incidents account for almost 30% of all workers compensation claims.³

Slips and falls are the leading cause of employee injury in the foodservice industry.³

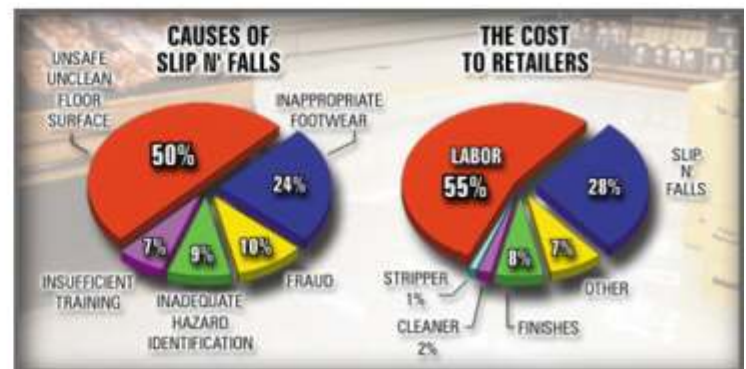

Slips and falls account for over 1 million emergency room visits.³

¹Safety Management, May 2002

²Liberty Mutual, "2002 Workplace Safety Index"

³ISSA, 2002

Most slip 'n fall accidents are preventable. By making smart choices you can dramatically reduce, and in some cases, even eliminate slip 'n falls. With the right combination of products and training you can create an in-house slip 'n fall prevention program that will pass even the toughest OSHA inspector!
